1. Welcome & Introductions:

Sean Tracy, DMH welcomed everyone and thanked the Administrative Office of the Courts (AOC) for providing a briefing to the Interagency Partners about program of the Task Forum for Criminal Justice and the Courts.

2. Presentation and Discussion:

Karen Moen, Senior Court Services Analyst, of the AOC presented on "Criminal Justice in the Court Systems" Task Force Report and Findings.

3. Input on Mental Illness in the Criminal Justice System

DMH facilitated a discussion amongst the Partner Agencies about how their organizations work with courts using MHSA Principles.

4. MHSA Business:

California Department of Education asked for a fiscal update. DMH responded that DMH is waiting for the Governor's January budget: after the budget is released DMH will know more clearly what the fiscal picture will be.

DMH is revising its progress reports and work plan templates. DMH asked partners to let their liaisons know if they have any recommendations for revisions.

DMH reported that MHSA MOU partner departments implementation and product efforts will be evaluated to demonstrate successes and area for improvements. The DMH evaluation tool is being developed by DMH staff and has yet to be fully vetted. Evaluation will focus on three discrete components: **Programs**, which addresses 1) whether the MOU encompasses the intention of the MHSA, and 2) partnership building with DMH; **Strategies**, which addresses the strategies that partnering departments utilize in their program implementation; and **Compliance**, which addresses the administrative portion of the agreement, such as meeting deadlines and meeting attendance. Agencies may contact DMH liaisons who can work with you to identify specific strengths and areas for improvement.
